# FORMOSA PETROCHEMICAL CORPORATION 2023 Business Report

## 1. Foreword:

The global economy is grappling with numerous challenges in the postpandemic era, and FPCC is not exempt. We have encountered inflation, weakened consumer confidence and business sentiment, and supply chain crises. These factors have significantly influenced our approach to daily, annual, and programmatic operations, amplifying the complexity of our recovery efforts.

Reflecting on the first half of 2023, oil prices and spreads were adversely affected by the ongoing conflict between Ukraine and Russia, sluggish demand in China, and the emergence of a banking crisis in the United States. These challenges raised concerns about a global economic recession. However, in the latter half of the year, oil prices found support from production cuts by OPEC+ countries and escalating military conflicts in the Middle East. Additionally, as we entered a period of intensive maintenance at refineries, spreads increased accordingly, resulting in a favorable profit margin.

In response to evolving market dynamics, we leveraged our experience to enhance the flexibility of our production and operational processes, all while maintaining our unwavering commitment to safety standards. Despite the volatility in the business environment, we have demonstrated resilience and achieved significant business growth against challenging odds."

## 2. Financial and Operation Performance in 2023:

(In Thousands of NT Dollars)

	2023	2022	%
Consolidated Revenue	712,576,194	848,048,496	-16.0
Consolidated Operating Income	15,404,555	5,420,137	184.2
Consolidated Earnings Before Tax	24,693,679	16,968,396	45.5
EPS After Tax	2.30	1.51	51.9

## **Petroleum Refining:**

In 2023, the Petroleum Refining Division experienced a significant decline in profit, with a decrease of 69.3% compared to the previous year. This decline was primarily attributed to the global economic slowdown and China's economic recovery falling short of expectations, exacerbated by the challenging environment of low oil prices and high interest rates.

Despite these challenges, the division achieved a 3.2% year-over-year increase in average daily throughput, reaching 442,000 barrels. This increase was primarily driven by a reduction in the maintenance period for RDS (Residue Desulfurization with Hydrogen) compared to 2022.

In the domestic market, FPCC remained committed to maintaining stable prices while stimulating demand. We diversified our marketing channels to enhance brand awareness and expand our customer base. Initiatives such as 'Formosa Member Day On Saturday' aimed to strengthen client relationships and boost sales. Additionally, we increased brand exposure through prominent platforms like TV programs and sports events.

Domestic sales of petroleum products grew by 4.6% compared to 2022. However, there was a slight decrease in the supply of gasoline and diesel, resulting in a 0.4% decrease in market share attributed to a reduction in the number of franchise stations. Conversely, aviation fuel sales surged by 49.8% due to the lifting of post-pandemic restrictions globally, leading to a robust recovery in passenger demand.

In terms of foreign sales, FPCC exported 2.43 million KL of gasoline (a 5.3% increase year-over-year) and 8.43 million KL of diesel (a 3.5% decrease year-over-year). This decrease was a result of adjustments between light and middle distillates. Overall, the export volume of petroleum products declined by 3.2% compared to 2022.

## **Basic Petrochemical Materials Business:**

The global market for petrochemical materials encountered significant challenges in 2023, including weak demand in downstream markets and heightened price competition due to the expansion of Chinese petrochemical capacities. As a result, both the price and demand for

petrochemical products such as ethylene and propylene experienced declines.

Through the implementation of flexible input strategies and continuous process optimization, we successfully reduced the operational costs of naphtha crackers compared to 2022. This initiative was also aligned with the decline in naphtha prices, further contributing to cost savings

### **Utilities Division**:

The primary mission of our cogeneration units is to provide stable and ample electricity and steam to our complex. In 2023, the prolonged conflict between Ukraine and Russia began to diminish, leading to international coal prices sharply declined from February 2023 onwards, as a result, the Utilities Division experienced an increase in profit in 2023.

## 3. 2023 Sustainable development:

Sustainability lies at the heart of FPCC's core values. We prioritize this value by continuously addressing various ESG topics, striving to achieve a balance between employees, investors and stakeholders. Our dedication to this goal is exemplified through our efforts to become a responsible producer. Specifically, we have leveraged artificial intelligence technology to establish smart factories, aiming to optimize production processes to enhance efficiency and product value. In 2023, we completed a total of 58 sustainability projects, yielding annual benefits of approximately 181 million TWD.

In 2023, FPCC completed 229 improvement projects aimed at emission reduction, energy conservation, and water conservation. These initiatives resulted in annual emission reductions of 274 thousand tons, electricity savings of 185 million kWh, and water savings of 57 thousand tons.

Furthermore, our commitment to social responsibility is demonstrated through partnerships with organizations such as the Home Care Foundation, where we participated in initiatives like 'Surround with Love' and 'Infinite Generations,' aimed at improving the living conditions of abused children and vulnerable families. Additionally, we collaborated

with the 'Cultivation Foundation' and 'New Taipei City Special School' to provide employment opportunities for people with disabilities by offering gas station sites. Through these practical actions, we aim to encourage more enterprises and individuals to join us in contributing to our communities.

## 4. 2024 Sales Goals :

In 2024, we have set sales targets of 5,169 thousand KL of gasoline and 10,261 thousand KL of diesel. To achieve these goals, we are focusing on digital transition through the launch of the 'Formosa Oil APP,' aimed at developing and maintaining our target segments while implementing strategic marketing initiatives to reduce related costs. Additionally, we are expanding our marketing channels through television, radio, internet, and sports events to reach new customers. In the export market, we are collaborating with major trading companies to facilitate emerging market penetration.

Regarding petrochemical products, our sales targets include 2,389 thousand tons of ethylene, 1,210 thousand tons of propylene, and 337 thousand tons of butadiene. Our primary objective is to ensure a stable supply for subsidiary and downstream factories while maximizing operating profit through export cargo pairing.

Finally, for our utilities, our goal is to achieve independence in supplying electricity and steam to the complex, ensuring uninterrupted operations and contributing to overall efficiency

## 5. Outlook:

While inflation appears to be slowing down and the period of rate hikes is nearing its end, global growth is expected to remain modest. Factors such as necessary monetary policy tightening, weak trade, and low business and consumer confidence contribute to this outlook. FPCC maintains a conservative view of the future market, given the high correlation of our business segments with end-use demand in China and Western countries. Additionally, tariff barriers pose challenges following

the suspension of the Economic Cooperation Framework Agreement (ECFA) by China. We hope for active government negotiations to address various economic and trade issues.

On another front, the establishment of a domestic carbon trading exchange center reflects Taiwan's increasingly stringent environmental regulations. As the global economy transitions towards green energy, FPCC anticipates the possibility of 'green energy inflation' due to the costly nature of carbon emission reductions. Therefore, we are committed to conducting the transition efficiently and sustainably. We prioritize industry transformations by enhancing competitiveness through investments in AI applications, clean energy adoption, and carbon-capture technologies.

In facing unknown challenges, FPCC adopts a cautious approach and actively integrates sustainable development strategies to foster mutual prosperity in society. Our commitment to excellence guides our actions as we navigate these transitions and strive for a sustainable future.

#### **Independent Auditors' Report Translated from Chinese**

To the Board of Directors and Stockholders of Formosa Petrochemical Corporation

#### **Opinion**

We have audited the accompanying consolidated balance sheets of Formosa Petrochemical Corporation (the "Company") and its subsidiaries as of December 31, 2023 and 2022, and the related consolidated statements of comprehensive income, changes in equity and cash flows for the years ended December 31, 2023 and 2022, and notes to the consolidated financial statements, including the summary of material accounting policies (together "the consolidated financial statements").

In our opinion, based on our audits and the reports of other auditors (please refer to the *Other Matter – Making Reference to the Audits of Other Auditors* section of our report), the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of the Company and its subsidiaries as of December 31, 2023 and 2022, and their consolidated financial performance and cash flows for the years ended December 31, 2023 and 2022, in conformity with the requirements of the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Financial Reporting Standards, International Accounting Standards, Interpretations developed by the International Financial Reporting Interpretations Committee or the former Standing Interpretations Committee as endorsed by Financial Supervisory Commission of the Republic of China.

#### **Basis for Opinion**

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and the Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Company and its subsidiaries in accordance with the Norm of Professional Ethics for Certified Public Accountant of the Republic of China (the "Norm"), and we have fulfilled our other ethical responsibilities in accordance with the Norm. Based on our audits and the reports of other auditors, we believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of 2023 consolidated financial statements. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

#### Revenue recognition

Revenue is primarily driven by refining and sales of petroleum. The Company recognized operating revenues of NT\$712,576,194 thousand during 2023, which was a significant and material amount in terms of financial performance and earning distribution. Therefore, revenue recognition is determined as a key audit matter.

The audit procedures we performed regarding revenue recognition included but not limited to: evaluate the appropriateness of the accounting policies for revenue recognition; understand the transaction process and perform tests of control on the effectiveness of control points; inspect the terms of transaction to ensure obligation of customers contract and the appropriate timing of revenue recognition; obtain confirmation letter on revenue from the Company's and its subsidiaries' top 10 customers that are related parities; understand nature and rationality of transactions with the Company's and its subsidiaries' newly added top 10 customers, inspect the source document and proof of the accounts receivable collection, and confirm that the remitters match the customers; for a period before and after the balance sheet date, select significant sales and sales return transactions and inspect the supporting document to ensure proper cut off.

We also consider the appropriateness of the revenue disclosure included in note 4 and note 6.16 of the notes to the consolidated financial statements.

#### Valuation of inventories

As of December 31, 2023, the inventories amounted to NT\$76,657,730 thousand, representing 18% of total assets, which was significant to the financial statements. Inventories consists of raw materials, finished goods and work in process which were measured at the lower of cost or net realizable value. As the fluctuation of material prices such as crude oil, could lead to value fluctuation of inventories, resulting in complex calculation of measurement of the lower of cost or net realizable value, therefore, valuation of inventories is identified as a key audit matter.

The audit procedures we performed regarding inventories valuation included but not limited to: evaluate the appropriateness of the accounting policies for inventories valuation; understand the transaction process and perform tests of control on the effectiveness of control points; inspect year-end inventory counting plan and observe the physical inventory count to verify the accuracy of inventory volume; test that inventory pricing correctly used weighted average method; perform tests on the net realizable value used by the management to verify its accuracy.

We also consider the appropriateness of inventories disclosure included in note 4 and note 6.6 of the notes to the consolidated financial statements.

#### Other Matter – Making Reference to the Audits of Other Auditors

We did not audit the financial statements of certain associates and joint ventures accounted for under the equity method whose statements are based solely on the reports of the other auditors. These associates and joint ventures under equity method amounted to NT\$6,103,116 thousand and NT\$5,482,223 thousand, both representing 1% of consolidated total assets as of December 31, 2023 and 2022. The related shares of profit or loss of the associates and joint ventures under the equity method amounted to NT\$171,604 thousand and NT\$178,728 thousand, both representing 1% of the consolidated net income before tax for the years ended December 31, 2023 and 2022, respectively, and the related shares of other comprehensive income (loss) from the associates and joint ventures under the equity method amounted to NT\$(26,871) thousand and NT\$104,800 thousand, both representing (0)% of the consolidated other comprehensive income for the years ended December 31, 2023 and 2022, respectively.

# Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the requirements of the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Financial Reporting Standards, International Accounting Standards, Interpretations developed by the International Financial Reporting Interpretations Committee or the former Standing Interpretations Committee as endorsed by Financial Supervisory Commission of the Republic of China and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the ability to continue as a going concern of the Company and its subsidiaries, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company and its subsidiaries or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including audit committee, are responsible for overseeing the financial reporting process of the Company and its subsidiaries.

#### Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with auditing standards, we exercise professional judgment and professional skepticism throughout the audit. We also:

- 1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Company and its subsidiaries.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability to continue as a going concern of the Company and its subsidiaries. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company and its subsidiaries to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the accompanying notes, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company and its subsidiaries to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of 2023 consolidated financial statements and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

We have audited and expressed an unqualified opinion including an Other Matter Paragraph on the parent company only financial statements of the Company as of and for the years ended December 31, 2023 and 2022.

#### **Independent Auditors' Report Translated from Chinese**

To the Board of Directors and Stockholders of Formosa Petrochemical Corporation

#### **Opinion**

We have audited the accompanying parent company only balance sheets of Formosa Petrochemical Corporation (the "Company") as of December 31, 2023 and 2022, and the related parent company only statements of comprehensive income, changes in equity and cash flows for the years ended December 31, 2023 and 2022, and notes to the parent company only financial statements, including the summary of significant accounting policies.

In our opinion, based on our audits and the reports of other auditors (please refer to the *Other Matter – Making Reference to the Audits of Other Auditors* section of our report), the parent company only financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2023 and 2022, and their financial performance and cash flows for the years ended December 31, 2023 and 2022, in conformity with the requirements of the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

#### **Basis for Opinion**

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and the Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Parent Company Only Financial Statements* section of our report. We are independent of the Company in accordance with the Norm of Professional Ethics for Certified Public Accountant of the Republic of China (the "Norm"), and we have fulfilled our other ethical responsibilities in accordance with the Norm. Based on our audits and the reports of other auditors, we believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of 2023 parent company only financial statements. These matters were addressed in the context of our audit of the parent company only financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

#### Revenue recognition

Revenue is primarily driven by refining and sales of petroleum. The Company recognized operating revenues of NT\$710,310,293 thousand during 2023, which was a significant and material amount in terms of financial performance and earning distribution. Therefore, revenue recognition is determined as a key audit matter.

The audit procedures we performed regarding revenue recognition included but not limited to: evaluate the appropriateness of the accounting policies for revenue recognition; understand the transaction process and perform tests of control on the effectiveness of control points; inspect the terms of transaction to ensure obligation of customers contract and the appropriate timing of revenue recognition; obtain confirmation letter on revenue from the Company's top 10 customers that are related parities; understand nature and rationality of transactions with the Company's newly added top 10 customers, inspect the source document and proof of the accounts receivable collection, and confirm that the remitters match the customers; for a period before and after the balance sheet date, select significant sales and sales return transactions and inspect the supporting document to ensure proper cut off.

We also consider the appropriateness of the revenue disclosure included in note 4 and note 6.16 of the notes to the parent company only financial statements.

#### Valuation of inventories

As of December 31, 2023, the inventories amounted to NT\$76,339,884 thousand, representing 19% of total assets, which was significant to the financial statements. Inventories consists of raw materials, finished goods and work in process which were measured at the lower of cost or net realizable value. As the fluctuation of material prices such as crude oil could lead to value fluctuation of inventories, resulting in complex calculation of measurement of the lower of cost or net realizable value, therefore, valuation of inventories is identified as a key audit matter.

The audit procedures we performed regarding inventories valuation included but not limited to: evaluate the appropriateness of the accounting policies for inventories valuation; understand the transaction process and perform tests of control on the effectiveness of control points; inspect year-end inventory counting plan and observe the physical inventory count to verify the accuracy of inventory volume; test that inventory pricing correctly used weighted average method; perform tests on the net realizable value used by the management to verify its accuracy.

We also consider the appropriateness of inventories disclosure included in note 4 and note 6.6 of the notes to the parent company only financial statements.

#### Other Matter - Making Reference to the Audits of Other Auditor

We did not audit the financial statements of certain associates and joint ventures accounted for under the equity method whose statements are based solely on the reports of other auditors. These associates and joint ventures under equity method amounted to NT\$6,042,436 thousand and NT\$5,426,218 thousand, both representing 1% of parent company total assets as of December 31, 2023 and 2022. The related shares of profit or loss of subsidiaries, associates and joint ventures under the equity method amounted to NT\$161,734 thousand and NT\$167,799 thousand, both representing 1% of the parent company income before tax for the years ended December 31, 2023 and 2022, and the related shares of other comprehensive income of subsidiaries, associates and joint ventures under the equity method amounted to NT\$(26,370) thousand and NT\$104,800 thousand, both representing (0)% of the parent company other comprehensive income for the years ended December 31, 2023 and 2022.

## Responsibilities of Management and Those Charged with Governance for the Parent Company Only Financial Statements

Management is responsible for the preparation and fair presentation of the parent company only financial statements in accordance with the requirements of the Regulations Governing the Preparation of Financial Reports by Securities Issuers and for such internal control as management determines is necessary to enable the preparation of parent company only financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the parent company only financial statements, management is responsible for assessing the ability to continue as a going concern of the Company, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including audit committee, are responsible for overseeing the financial reporting process of the Company.

#### Auditor's Responsibilities for the Audit of the Parent Company Only Financial Statements

Our objectives are to obtain reasonable assurance about whether the parent company only financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. - 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability to continue as a going concern of the Company. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the parent company only financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure and content of the parent company only financial statements, including the accompanying notes, and whether the parent company only financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the parent company only financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of 2023 parent company only financial statements and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

- Article 4: The number of directors will be as specified in the Company's Articles of Incorporation. Those receiving ballots representing the highest numbers of voting rights will be elected sequentially according to their respective numbers of votes. When two or more persons receive the same number of votes, thus exceeding the specified number of positions, they shall draw lots to determine the winner, with the Chair drawing lots on behalf of any person not in attendance.
- Article 5: The election of directors shall be elected in accordance with the Company's Articles of Incorporation in that a candidate nomination system shall be adopted and that shareholders shall elect directors from among those listed in the slate of director nominees. Independent and non-independent directors shall elect at the same time, but in separately calculated numbers as stated as Article 4. One of the elected non-independent directors shall have accounting or finance expertise.

The Company shall, prior to the book closure date before the convening of the shareholders' meeting, publish a notice specifying a period for receiving nominations of director

candidates, the number of directors to be elected, the place for receiving such nominations, and other necessary matters; the period for receiving nominations shall not be less than 10 days.

The Board of Directors and a shareholder holding one percent or more of the total number of issued shares may present a slate of director nominees to the Company; the number of nominees may not exceed the number of directors to be elected.

When providing a recommended slate of director candidates, a shareholder or the Board of Directors shall describe each nominee's name, educational background, and work experience The Board of Directors, or other person having the authority to call a shareholders' meeting, except under any of the following circumstances, shall include all qualified nominees in the slate of director candidates:

- 1. Where the nominating shareholder submits the nomination at a time not within the published period for receiving nominations.
- 2. Where the shareholding of the nominating shareholder is less than one percent at the time of book closure by the Company under Article 165, paragraph 2 or 3 of the Company Act.
- 3. Where the number of nominees exceeds the number of directors to be elected.
- 4. Where the nominating shareholder fails to describe the nominee's name, educational background, and work experience.
- Article 6: The Board of Directors or other person having the authority to call a shareholders' meeting shall prepare ballots and distribute one ballot per voter corresponding to his/her attendance card number. The numbers of ballots distributed to the voters shall be equal to the directors to be elected. As for the number of voting rights associated with each ballot shall be specified on the ballots.
- Article 7: A voter must fill the director candidate's full name in the "candidate" column of the ballot based on the director candidate list.

Article 8: A Ballot shall be deemed void under the following conditions:

- 1. The ballot was not prepared as Article 6 stated; or
- 2. The ballot has more than one candidate's name filled; or

- 3. Other words or marks are filled in addition to the information Article 7 stated; or
- 4. The candidate's full name filled in the ballot does not conform to the director candidate list after verification; or
- 5. The writing is unclear and indecipherable
- Article 9: The voting rights shall be calculated at the end of the poll and the Chair shall announce the voting results on-site immediately, including the names of those elected as directors and the numbers of votes with which they were elected. The ballots for the election referred to in the preceding paragraph shall be sealed with the signatures of the monitoring personnel and kept in proper custody for at least 1 year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the ballots shall be retained until the conclusion of the litigation.
- Article 10: The Rules, and any amendments hereto, shall be implemented after approval by a shareholders meeting.

# Rules of Procedure for Shareholders' Meetings of Formosa Petrochemical Corporation

Amended by the Annual Shareholders' Meeting on July 22, 2021

- Article 1: To establish a strong governance system and sound supervisory capabilities for the Company's shareholders' meetings, and to strengthen management capabilities, these Rules are adopted pursuant to the Corporate Governance Best Practice Principles for Taiwan Stock Exchange Corp ("TWSE")/ Taipei Exchange ("TPEx") Listed Companies.
- Article 2: The rules of procedures for the Company's shareholders' meetings, except as otherwise provided by law, regulation, or the Articles of Incorporation, shall be as provided in these Rules.
- Article 3: Unless otherwise provided by law or regulation, the Company's Shareholders' Meetings shall be convened by the Board of Directors.

A notice to convene an annual shareholders' meeting shall be given to each shareholder no later than 30 days prior to the scheduled meeting date; while a notice may be given to registered shareholders who own less than 1,000 shares of nominal stocks no later than 30 days prior to the scheduled meeting date in the form of a public announcement on the Market Observation Post System (MOPS) of the TWSE. A notice to convene a special shareholders' meeting shall be given to each shareholders no later than 15 days prior to the scheduled meeting date. A public notice may be given to registered shareholders who own less than 1,000 shares of nominal stocks no later than 15 days prior to the scheduled meeting date in the form of a public announcement on the MOPS of the TWSE.

To convene a shareholders' meeting, the Company shall prepare a meeting handbook. The Company shall prepare electronic versions of a shareholders' meeting notice and proxy forms, and causes of and explanatory materials relating to all

proposals, including proposals for ratification, matters for deliberation, or the election or dismissal of directors, and upload them to the MOPS no later than 30 days prior to the scheduled Annual Shareholders' Meeting date or no later than 15 days prior to the scheduled Special Shareholders' Meeting date. The Company shall prepare electronic versions of a shareholders' meeting handbook and supplemental meeting materials and upload them to the MOPS no later than 21 days prior to the scheduled Annual Shareholders' Meeting date or no later than 15 days prior to the scheduled Special Shareholders' Meeting date. In addition, the Company shall also have prepared a shareholders' meeting handbook and supplemental meeting materials and made them available for review by shareholders at any time no later than 15 days prior to the scheduled Shareholders' Meeting date. The Meeting Agenda and supplemental materials shall also be displayed at the Company and the professional shareholder services agent engaged by the Company as well as being distributed on-site at the meeting place.

The reasons for convening a shareholders' meeting shall be specified in the meeting notice and public announcement. With the consent of the addressee, the meeting notice may be given in electronic form.

Election or dismissal of directors, amendments to the Articles of Incorporation, capital reduction, application to be delisted from public offering, lifting of non-competition restriction of Directors, capital increase by retained earnings, capital increase by capital reserve, dissolution, merger, or demerger of the corporation, or any matter under paragraph 1 of Article 185 of the Company Act, Articles 26-1 and 43-6 of the Securities Exchange Act, Articles 56-1 and 60-2 of the Regulations Governing the Offering and Issuance of Securities by Securities Issuers shall be set out in the notice of the reasons for convening the shareholders' meeting. None of the above matters may be raised by an extraordinary motion.

Where the meeting agenda has specified general re-elections of

the Directors and the terms of the Directors' office, the terms of office of the Directors shall not be altered by raising an extraordinary motion or any other method upon the completion of the general elections at the Shareholders' Meeting.

A shareholder holding 1 percent or more of the total number of issued shares may submit to the Company a written proposal for discussion at an annual shareholders' meeting. Such proposals, however, are limited to one item only, and no proposal containing more than one item will be included in the Meeting Agenda. Α shareholder may propose recommendation for urging the corporation to promote public interests or fulfill social responsibilities, and the providing procedure shall be in accordance with Article 172-1 of the Company Act. In addition, when the circumstances of any subparagraph of paragraph 4 of Article 172-1 of the Company Act apply to a proposal put forward by a shareholder, the Board of Directors may exclude it from the Agenda.

Prior to the book closure date before an annual shareholders' meeting is held, the Company shall publicly announce that it will receive shareholder proposals, the method of receiving such proposals (whether written or in electronic form), and the location and time period for their submission; the period for submission of shareholder proposals may not be less than 10 days.

Shareholder-submitted proposals are limited to 300 words, and no proposal containing more than 300 words will be included in the meeting agenda. The shareholder making the proposal shall be present in person or by proxy at the Annual Shareholders' Meeting and take part in discussion of the proposal.

Prior to the date for issuance of notice of a shareholders' meeting, the Company shall inform the shareholders who submitted proposals of the proposal screening results, and shall list in the meeting notice the proposals that conform to the provisions of this article. At the Shareholders' Meeting the Board of Directors shall explain the reasons for exclusion of

any shareholder proposals not included in the agenda.

Article 4: For each shareholders' meeting, a shareholder may appoint a proxy to attend the meeting by providing the proxy form issued by the Company and stating the scope of the power authorized to the proxy.

A shareholder may issue only one proxy form and appoint only one proxy for any given shareholders' meeting, and shall deliver the proxy form to the Company no later than 5 days prior to the Shareholders' Meeting date. When duplicate proxy forms are delivered, the one received earliest shall prevail unless a declaration is made to revoke the previous proxy appointment.

After a proxy form has been delivered to the Company, if the shareholder intends to attend the meeting in person or to exercise voting rights in writing or by way of electronic transmission, a written notice of proxy rescission shall be submitted to the Company no later than 2 days prior to the meeting date. If the rescission notice is submitted after that time, votes cast at the meeting by the proxy shall prevail.

- Article 5: The venue for a shareholders' meeting shall be the premises of the Company, or a place easily accessible to shareholders and suitable for a shareholders' meeting. The meeting may begin no earlier than 9 a.m. and no later than 3 p.m.
- Article 6: The Company shall specify in its shareholders' meeting notices the time during which shareholder attendance registrations will be accepted, the place to register for attendance, and other matters for attention.

The time during which shareholder attendance registrations will be accepted, as stated in the preceding paragraph, shall be at least 30 minutes prior to the time the meeting commences. The place at which attendance registrations are accepted shall be clearly marked and a sufficient number of suitable personnel assigned to handle the registrations.

The Company shall furnish attending shareholders with the meeting agenda book, annual report, attendance card, speaker's

slips, voting slips, and other meeting materials. Where there is an election of directors, pre-printed ballots shall also be furnished.

Shareholders and their proxies (collectively, "shareholders") shall attend shareholders' meetings based on attendance cards, sign-in cards, or other certificates of attendance. The Company shall not impose arbitrary requirements on shareholders to provide additional evidentiary documents beyond those showing eligibility to attend. Solicitors soliciting proxy forms shall also bring identification documents for verification.

When the government or a juristic person is a shareholder, it may be represented by more than one representative at a shareholders' meeting. When a juristic person is appointed to attend as proxy, it may designate only one person to represent it in the meeting.

Article 7:

If a shareholders' meeting is convened by the Board of Directors, the meeting shall be chaired by the Chairman. When the Chairman is on leave or for any reason unable to exercise the powers of the Chairman, the Vice Chairman shall act in place of the Chairman; if there is no Vice Chairman or the Vice Chairman also is on leave or for any reason unable to exercise the powers of the Vice Chairman, the Chairman shall appoint one of the Managing Director to act as chair, or, if there are no Managing Directors, one of the Directors shall be appointed to act as chair. Where the Chairman does not make such a designation, the Managing Directors or the Directors shall select from among themselves one person to serve as chair.

When a Managing Director or a Director serves as chair, as referred to in the preceding paragraph, the Managing Director or Director shall be one who has held that position for 6 months or more and who understands the financial and business conditions of the Company. The same shall be true for a representative of a juristic person director that serves as chair. It is advisable that shareholders' meetings convened by the Board of Directors be chaired by the Chairman, that a majority of the Directors attend in person, and that at least one member

of each functional committee attend as representative. Attendance details should be recorded in the Shareholders Meeting minutes. If a shareholders' meeting is convened by a party having the convening right but other than the Board of Directors, the convening party shall chair the meeting. When there are two or more such convening parties, they shall mutually select a chair from among themselves.

The Company may appoint its attorneys, certified public accountants, or related persons retained by it to attend a shareholders' meeting in a non-voting capacity.

Article 8: The Company, beginning from the time it accepts shareholder attendance registrations, shall make an uninterrupted audio and video recording of the registration procedure, the proceedings of the shareholders' meeting, and the voting and vote counting procedures.

The recorded materials of the preceding paragraph shall be retained for at least 1 year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the recording shall be retained until the conclusion of the litigation.

Article 9: Quorum at shareholders' meetings shall be calculated based on numbers of shares. The quorum shall be calculated according to the shares indicated by the sign-in cards handed in plus the number of shares whose voting rights are exercised in writing or by way of electronic transmission.

The Chair shall call the meeting to order at the appointed meeting time, and meanwhile shall announce the related information about the total number of shares held by shareholders having no voting right and the total number of shares represented by the shareholders present at the meeting.. However, when the attending shareholders do not represent a majority of the total number of issued shares, the Chair may announce a postponement, provided that no more than two such postponements, for a combined total of no more than 1 hour, may be made. If the quorum is not met after two postponements and the attending shareholders still represent less than one third of the total number of issued shares, the Chair shall declare the

meeting adjourned.

If the quorum is not met after two postponements as referred to in the preceding paragraph, but the attending shareholders represent one third or more of the total number of issued shares, a tentative resolution may be adopted pursuant to paragraph 1 of Article 175 of the Company Act; all shareholders shall be notified of the tentative resolution and another shareholders' meeting shall be convened within 1 month.

When, prior to conclusion of the meeting, the attending shareholders represent a majority of the total number of issued shares, the Chair may resubmit the tentative resolution for a vote by the shareholders' meeting pursuant to Article 174 of the Company Act.

Article 10: If a shareholders' meeting is convened by the Board of Directors, the meeting agenda shall be set by the Board of Directors. The relevant proposals (including extraordinary motions and amendment to original proposals) shall be decided by voting on a case-by-case basis. The meeting shall proceed in the order set by the agenda, which may not be changed without a resolution of the shareholders' meeting.

The provisions of the preceding paragraph apply mutatis mutandis to a shareholders' meeting convened by a party having the convening right that is not the Board of Directors.

The Chair may not declare the meeting adjourned prior to completion of deliberation on the meeting agenda of the preceding two paragraphs (including extraordinary motions), except by a resolution of the shareholders' meeting. If the Chair declares the meeting adjourned in violation of the rules of procedure, the other members of the Board of Directors shall promptly assist the attending shareholders in electing a new chair in accordance with statutory procedures, by a majority of the votes represented by the attending shareholders, and then continue the meeting.

The Chair shall allow ample opportunity during the meeting for explanation and discussion of proposals and of amendments or extraordinary motions put forward by the shareholders; when the Chair is of the opinion that a proposal has been discussed sufficiently to put it to a vote, the Chair may announce the discussion closed and shall also arrange ample time for a vote.

Article 11: Before speaking, an attending shareholder must specify on a speaker's slip the subject of the speech, his/her shareholder account number (or attendance card number), and account name. The order in which shareholders speak will be set by the Chair.

A shareholder in attendance who has submitted a speaker's slip but does not actually speak shall be deemed to have not spoken. When the content of the speech does not correspond to the subject given on the speaker's slip, the spoken content shall prevail.

Except with the consent of the Chair, a shareholder may not speak more than twice on the same proposal, and a single speech may not exceed 5 minutes. If the shareholder's speech violates the rules or exceeds the scope of the agenda item, the Chair may terminate the speech.

When an attending shareholder is speaking, other shareholders may not speak or interrupt unless they have sought and obtained the consent of the Chair and the shareholder that has the floor; the Chair shall stop any violation.

When a juristic person shareholder appoints two or more representatives to attend a shareholders' meeting, only one of the representatives so appointed may speak on the same proposal.

After an attending shareholder has spoken, the Chair may respond in person or direct relevant personnel to respond.

Article 12: Voting at a shareholders' meeting shall be calculated based on the number of shares.

With respect to resolutions of shareholders' meetings, the number of shares held by a shareholder with no voting rights shall not be calculated as part of the total number of issued shares.

When a shareholder is an interested party in relation to an agenda item, and there is the likelihood that such a relationship

would prejudice the interests of the Company, that shareholder may not vote on that item, and may not exercise voting rights as proxy for any other shareholder.

In case a director of the Company has created a pledge on the Company's shares more than half of the Company's shares being held by him/her/it at the time he/she/it is elected, the voting power of the excessive portion of shares shall not be exercised.

The number of shares for which voting rights may not be exercised under the preceding two paragraphs shall not be calculated as part of the voting rights represented by attending shareholders.

With the exception of a trust enterprise or a stock agency approved by the competent securities authority, when one person is concurrently appointed as proxy by two or more shareholders, the voting rights represented by that proxy may not exceed 3 percent of the voting rights represented by the total number of voting shares, otherwise, the portion of excessive voting rights shall not be counted.

Article 13: A shareholder shall be entitled to one vote for each share held, except when the shares are restricted shares or are deemed non-voting shares under paragraph 2 of Article 179 of the Company Act.

When the Company holds a shareholders' meeting, shareholders shall exercise their voting rights by electronic means and may exercise their voting rights in writing. When voting rights are exercised in writing or by way of electronic transmission, the method for exercising the voting rights shall be specified in the shareholders' meeting notice. A shareholder exercising voting rights in writing or by way of electronic transmission will be deemed to have attended the meeting in person, but to have waived his/her rights with respect to the extraordinary motions and amendments to original proposals of that meeting.

A shareholder intending to exercise voting rights in writing or by way of electronic transmission under the preceding paragraph shall deliver a written declaration of intent to the Company no later than 2 days prior to the scheduled shareholders' meeting date. When duplicate declarations of intent are delivered, the one received earliest by the Company shall prevail, except when a declaration is made to revoke the earlier declaration of intention.

After a shareholder has exercised voting rights in writing or by way of electronic transmission, in the event the shareholder intends to attend the shareholders' meeting in person, a written declaration of intent to rescind the voting rights already exercised under the preceding paragraph shall be made known to the Company, by the same means by which the voting rights were exercised, no later than 2 days prior to the scheduled shareholders' meeting date. If the notice of rescission is submitted after that time, the voting rights already exercised in writing or by way of electronic transmission shall prevail. When a shareholder has exercised voting rights both in writing or by way of electronic transmission and by appointing a proxy to attend a shareholders' meeting, the voting rights exercised by the proxy in the meeting shall prevail.

Except as otherwise provided in the Company Act and in the Company's Articles of Incorporation, the adoption of a proposal shall require an affirmative vote of a majority of the voting rights represented by the attending shareholders. At the time of a vote, for each proposal, the Chair or a person designated by the Chair shall announce the total number of voting rights represented by the attending shareholders, followed by a poll of the shareholders. After the conclusion of the meeting, on the same day it is held, the results for each proposal, based on the numbers of votes for and against and the number of abstentions, shall be entered into the MOPS.

When there is an amendment or an alternative to a proposal, the Chair shall present the amended or alternative proposal together with the original proposal and decide the order in which they will be put to a vote. When any one among them is passed, the other proposals will then be deemed rejected, and no further voting shall be required.

In addition to the proposals on the meeting agenda, when a shareholder wishes to propose an extraordinary motion, the shareholder's voting rights shall represent at least 1% or more of the Company's total issued shares.

Vote monitoring and counting personnel for the voting on a proposal shall be appointed by the Chair, provided that all monitoring personnel shall be shareholders of the Company. Vote counting for shareholders' meeting proposals or elections shall be conducted in public at the place of the shareholders' meeting. Immediately after vote counting has been completed, the results of the voting, including the statistical tallies of the numbers of votes, shall be announced on-site at the meeting, and a record made of the vote.

- Article 14: The election of directors at a shareholders' meeting shall be held in accordance with the applicable election and appointment rules adopted by the Company, and the voting results shall be announced on-site immediately, including the names of those elected and not elected as directors and the numbers of votes with which they were elected and not elected.. The ballots for the election referred to in the preceding paragraph shall be sealed with the signatures of the monitoring personnel and kept in proper custody for at least 1 year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the ballots shall be retained until the conclusion of the litigation.
- Article 15: Matters relating to the resolutions of a shareholders' meeting shall be recorded in the meeting minutes. The meeting minutes shall be signed or sealed by the Chair of the meeting and a copy distributed to each shareholder within 20 days after the conclusion of the meeting. The meeting minutes may be produced and distributed in electronic form.

The Company may distribute the meeting minutes of the preceding paragraph by means of a public announcement made through the MOPS.

The meeting minutes shall accurately record the year, month, day, and place of the meeting, the Chair's full name, the

methods by which resolutions were adopted, and a summary of the deliberations and their results (including the weight of the votes), and the number of weighted votes each candidate received in case of a Directors' elections, and shall be retained for the duration of the existence of the Company.

Article 16: On the day of a shareholders' meeting, the Company shall compile in the prescribed format a statistical statement of the number of shares obtained by solicitors through solicitation and the number of shares represented by proxies, and shall make an express disclosure of the same at the place of the shareholders' meeting.

If matters put to a resolution at a shareholders' meeting constitute material information under applicable laws or regulations or under TWSE regulations, the Company shall upload the content of such resolution to the MOPS within the prescribed time period.

Article 17: Staff handling administrative affairs of a shareholders' meeting shall wear identification cards or arm bands.

The Chair may direct the proctors or security personnel to help maintain order at the meeting place. When proctors or security personnel help maintain order at the meeting place, they shall wear an identification card or armband bearing the word "Proctor."

At the place of a shareholders' meeting, if a shareholder attempts to speak through any device other than the public address equipment set up by the Company, the Chair may prevent the shareholder from so doing.

When a shareholder violates the rules of procedure and defies the Chair's correction, obstructing the proceedings and refusing to heed calls to stop, the Chair may direct the proctors or security personnel to escort the shareholder from the meeting.

Article 18: When a meeting is in progress, the Chair may announce a break based on time considerations. If a force majeure event occurs, the Chair may rule the meeting temporarily suspended and announce a time when, in view of the circumstances, the

meeting will be resumed.

If the meeting venue is no longer available for continued use and not all of the items (including extraordinary motions) on the meeting agenda have been addressed, the shareholders' meeting may adopt a resolution to resume the meeting at another venue.

A resolution may be adopted at a shareholders' meeting to postpone or resume the meeting within 5 days in accordance with Article 182 of the Company Act.

Article 19: These Rules, and any amendments hereto, shall be implemented after adoption by shareholders' meetings.
